**Excerpt from “Misguided virus fears said to be hitting Asian American businesses”**

Many Asian American businesses are struggling right now. They are seeing a big decline in customers. Some business owners have seen their customer traffic cut by more than half.

The reason for their loss: customers are concerned about the outbreak of COVID-19, a flu-like virus spreading from China. It is also called coronavirus. There are only 57 diagnosed cases in the United States. The virus has sickened tens of thousands of people, mostly in China.

**No Reason To Avoid Asian American Businesses**

City and health officials are trying to help the businesses. They're distributing information and making personal visits to shops. They are emphasizing to the public that there is no reason to avoid Asian American businesses.

1. According to the passage, what is one thing city and health officials are doing to help Asian businesses?
