### Exploring Decimals Part 1-HW

**Directions:** Choose if each equation is TRUE or FALSE. If an equation is not true, rewrite it to make it correct.

a.  $\frac{4}{10} = 0.04$

b.  $\frac{17}{100} = 0.17$

c.  $\frac{9}{100} = 0.09$

d.  $\frac{6}{100} = 0.60$

---

**Journal Prompt:** What is the relationship between fractions and decimals?  
Use pictures, words and numbers in your answer.
