

**Homework: Coordinating Conjunctions II**

**Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

1. **Underline the sentence that is punctuated correctly (L.4.2c).**
  - a. Most millipedes are black in color but some are red, yellow, or brown.
  - b. Some millipedes are nocturnal, so they are active at night.
  - c. Millipedes have many legs yet they do not move very fast.
  - d. Millipedes like to live in dark moist places so some can be found under logs or dead leaves.

2. **Rewrite the incorrect sentences above with correct punctuation (L.4.2c).**

\_\_\_\_\_

\_\_\_\_\_

3. **Combine these two simple sentences into a compound sentence using a coordinating conjunction and correct punctuation (L.4.2c).**

A millipede’s hard exoskeleton protects its body.  
It rolls into a ball if it feels threatened.
